Salon management

I During my undergraduate studies, I developed a Salon Management System project to streamline the operations and enhance the customer experience at a salon. This system allows salon coordinators to manage appointments, services, and real-time updates efficiently, while clients can seamlessly book services and view their appointments.

Technology Used :

- Php
- MySQL
- HTML ,CSS
- JavaScript

Hospitality Management

Our platform connects patients and families with bystanders and hospitals, allowing profile creation, service search, and appointment booking. Hospitals and bystanders manage profiles, availability, and services. Secure payments and a user-friendly interface ensure convenience and safety, addressing healthcare demands efficiently and effectively.

Technology Used :

- Python
